The Executive Staff will be responsible for the following tasks:

- Solicit input and recommendations from Division Directors, Regional Directors, and Wardens;
- Review the Agency's mission statement and goals;

 - Based on anticipated needs, establish objectives and performance measures for the Agency; and
 - Compile prioritized objectives and distribute them for review by Agency managers. (4-ACRS-7B-09, 4-4004)

Each responsible authority will develop an action list to accomplish the objective, will monitor the Agency's progress on the objective, and will report this progress to the appropriate member of the Executive Staff. The Executive Staff will brief the Agency Director on the progress of objectives in their respective areas on a schedule to be determined by the Agency Director.

- 4.2 The appropriate member of the Executive Staff will review goals and objectives to ensure that they support the overall Agency strategic plan and ensure that any important goals/objectives not included are submitted to the Agency Director to be added to the Strategic Plan.
